b) Profiling Cookies:

Cookies are defined as those that can be used to track and profile users while browsing, study their movements and of the web consultation habits and consumption (what they buy, what they read, etc.), even the order to send targeted advertising and personalized services. Cookies profiling are divided into first-party cookies (sent by the same consulting site) and cookies from third-party profiling (sent by third-party domains). Both in the case of profiling cookies of the

cookie of the first part of that third party and 'you required the user's consent. www.apack.com.tr does not use cookies profiling it 'the first part and I' third party. Since the installation of cookies and other tracking systems operated by third parties through the services used within this application cannot be technically controlled by the owner, any specific reference to cookies and tracking system installed by third parties and 'to be typical. For complete information, please consult the privacy policy of any third party services mentioned in this document.

Objective view of the complexity related to identification of the technologies based on Cookies and their very tight integration with the operation of the web, the User and invited to contact the owner, should he wish to receive any deepening its use of cookies themselves and any use of the same - for example - by third parties, made through this website.

Consent to the use of cookies

Your consent is not necessary for technical cookies. The user, however, expresses its consent to the use of cookies - for example - profiling own or third parties (which are aimed at creating their user profiles in order to send advertising messages in line with its preferences), or analytical third parties (which do not collect user information in aggregate form) continuing the navigation on the website, is making an active intervention through the selection of an element in the page below the banner - for example by clicking on an image or a link - is doing a click on the 'OK' and/or 'UNDERSTAND" button on in the banner itself.

Management of Cookies

The user can decide whether to accept cookies also by using your browser settings. Disabling the 'third party' cookies does not prejudice in any way the navigability. The setting can be defined specifically for the different sites and web applications. Also the best browsers allow you to define different settings for cookies 'owners' and those of 'third parties.
